SIGNATURE SERIES CHEF JACKETS

With one of our Signature Jackets you can really 'Own the Kitchen'. This series takes style in culinary fashion to a new and trend-setting level. These jackets combine the benefits of functional fabrics with stylish cuts and details to create a confident and professional look.

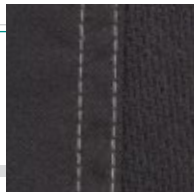

A chef in a white jacket is plating a dish in a professional kitchen. The chef is focused on his work, using a spoon to add a garnish to the dish. The kitchen background shows stainless steel surfaces and equipment.

TRADITIONAL STYLE, REINVENTED.

WOMEN'S COLLECTION

We understand that women and men have different expectations from the fit of their garments. The Jackets in our Women's Collection have been designed to provide women with a more personal fit, allowing for more natural movement. Likewise our Women's Pants provide a superior fit that flatters your figure. Whilst protecting you in the kitchen these garments maintain a sense of style and fashion.

A woman with short dark hair, wearing a black pinstriped chef's jacket, stands in a kitchen. She is looking over her shoulder towards the camera. The background shows a blurred kitchen environment with shelves of bottles and a computer monitor.

THE BEST IN FEMALE FASHION.

SIZING

Chef Works has the perfect fit for you. To find your perfect fit, we've provided you with three easy-to-follow steps outlined below.

Please note our proprietary designs give Chef Works garments a more generous fit to allow for maximum comfort and function. We recommend that if you fall between sizes that you choose the smaller size for a truer fit.

FIND YOUR PERFECT FIT IN 3 EASY STEPS

1

How do you want your garment to fit? Choose your fit from the color-coded charts shown on the next few pages.

2

What are your measurements? All of our garment size charts refer to actual chest measurements or waist measurements. Match yours to our charts to find your size.

3

Pick your garment.

Measurement Guidelines

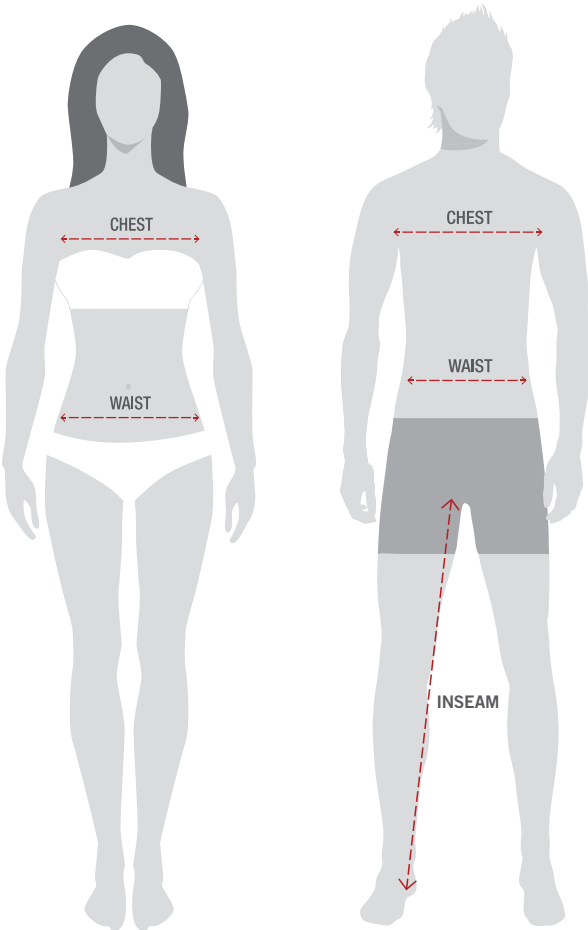

To get the best fit, stand straight and relax. With a measuring tape, use the illustration shown at the right as a guide and follow instructions below.

CHEST: Measure from the fullest part of the chest/bust with your arms down.

WAIST: Measure around your natural waistline above the hips.

INSEAM: Measure from the base of the crotch to the bottom of your heel.

Another option is to select a pair of pants that fit you well and measure along the inside leg seam from the crotch to the bottom of the hem.

MEN'S SIZING

Men's Jackets

At Chef Works, we know coats. We also know we have a coat to suit your style. Categorized here in 3 different fits, end the guess work and find the one that's right for you.

JACKET FITS	MF	Modern Fit Our Modern Fit gives you an average additional 4.5 inches of fabric around the body of the garment. Fits closer to the body and looks more fitted, but not snug.
	CF	Classic Fit Our Classic Fit gives you an average additional 5.5 inches of fabric around the body of the garment. Gives you a comfortable fit with room to move, but not oversized.
